

LINCOLN ELEMENTARY SCHOOL TEACHERS

DeKalb

We the teachers at Lincoln Elementary School, want to announce our support of the DeKalb School District's building referendum. This plan has been well thought out and organized, and has included the input of hundreds of community members, business leaders and school district staff.

We believe that this plan is comprehensive and addresses the overcrowding needs in our district. While we know that we have issues of overcrowding here at Lincoln, we believe that this plan does the most to benefit all students of District 428. The students who leave Lincoln Elementary will benefit from the great changes at the middle and high school levels.

Please join us in voting yes on Feb. 5. See you at the polls!
